Dissemination within each country is critical to the overall success of the Academy Seminars and more importantly, to the success in implementing the European Statements on Hospital Pharmacy. The budget allocated to the Academy Seminars is substantial and it is important that EAHP be able to assess the learning outcomes via dissemination. The EAHP office will be in contact with the seminar delegates to request dissemination activities.

EAHP will strictly enforce this policy and should participants not meet the requirements, EAHP will not pay for the hotel accommodations, meals, any other expenses, and participants will be responsible for payment upon departure from the hotel or EAHP may require reimbursement from the national association.

**Please note that:**

EAHP will cover the expenses for the seminar registration, hotel accommodation for the 3 nights (September 28 – September 29 - September 30) as well as official meals. Travel expenses have to be covered by the participants or your organisation. Extra nights will be paid directly by participants to the hotel upon the check-out at the hotel reception. The official language of the seminar is English.

**Academy Seminar Programme:**
